

# THE ARGUS.

DAILY AND WEEKLY.

## A Nice Treat.

The ARGUS acknowledges with many thanks, a basket of as fine scuppernons as we have ever seen, which were sent in by Mr. J. R. Murvin.

## Funeral Notice.

The funeral of the late Mr. J. F. Hines, who departed this life on the 17th of May, will be preached at Neuse church, in Brogden township, on Sunday, October 2. Rev. Barna Perkins will officiate.

## Bad Accident.

Mr. James Southerland, who lives in Webbtown, happened to a serious accident Thurs. morning, which will incapacitate him for work for some time.

He was engaged in running a planer at Mr. A. T. Griffin's lumber mill, when his right arm got caught in the machine and was badly lacerated. His arm would doubtless have been torn to pieces, but for the fact that he gave a sudden jerk which released it from the machine.

He was brought to the city immediately and Dr. Williams Spicer dressed his wound and he is doing as well as could be expected.

He was very badly hurt, but it is not thought that the arm will have to be amputated unless some serious complications set in.

## Board of Elections.

The Board of Elections of this county met in this city Monday, and owing to the fact that there is not time now within which to give proper notice in order to make the election legal it was decided to make no change in the places of voting in New Hope township.

The Board also decided that the election in Providence precinct will be held at the same place as last year.

Registration in all these precincts will be made each Saturday while the books are kept open, at the same place the elections are to be held.

The books for registration will open on October 6 and close for registration on October 29, and the Registrars will attend at the place of registration every Saturday until the books close.

## POLITICAL POINTERS.

The old game is on again. Old time Republicans are fishing for Democratic suckers with "Independent" bait. The fish are not biting well. The bait is not attractive, and the memory of the catch last season, who got nothing but the hook is still fresh and green.

If any Democrat is silly enough to listen to the promises of the old fashioned Radical inducements held out to catch the unwary, let him remember that a Democratic majority of 2,000 is not a thing to be sneezed at by so-called Independents. There's walking and climbing ahead of the Independent-Radical-Fusion-Anything-to-get-office combine.

Of course no decent man who participated in the Democratic County or Precinct Conventions would lend the use of his name to defeat the nominees of his conventions. This would be to stamp himself as a traitor to his party and his associates, and the people whose votes he asked could entertain nothing but a feeling of contempt for him. A man who betrays one party will betray another whenever it seems to be his interest to do so—and from betraying his party associates the step is easy to the betrayal of the people who trust him.

If the Republicans who have supported and defended every enormity of Radical misrule in the past put a grumbling and disappointed Democrat on the head and point him to that beautiful independence which has led some unsuspecting Democrats to lose their party standing and to find themselves cheek by jowl with Sambo and his white allies, you may bet your life that the motive is the most selfish in the world and is intended strictly and exclusively to hurt the Democratic party, and to gain a recruit for the Republican party. How they do love to hear a disappointed or dissatisfied Democrat abuse one of his party's nominees! It is music to their ears. Such a Democrat may expect and receive their hearty embrace if he likes to fall into the same arms that enfold the great Booker T. Washington, colored.

# Ayer's

For coughs, colds, bronchitis, asthma, weak throats, weak lungs, consumption, take Ayer's Cherry Pectoral.

## Cherry Pectoral

Always keep a bottle of it in the house. We have been saying this for 60 years, and so have the doctors.

"I have used Ayer's Cherry Pectoral in my family for 40 years. It is the best medicine in the world. I know, for all throat and lung troubles."

## The Lungs

Daily action of the bowels is necessary. Aid nature with Ayer's Pills.

## New Furniture Firm.

Goldsboro is to have another new furniture house.

The new firm is composed of Mr. Nathan D. Andrews, of this city, a young gentleman of many years experience in the furniture business, who is well and favorably known to the trade of this section, and Mr. J. E. Whilden, of the Whilden Furniture Co., of Sumpter, S. C., who has also had many years experience in this business.

They have rented the store next to Gardner, Thompson & Rackley, on John street, and are having it thoroughly overhauled and put in nice shape, and will open up for business just as soon as the work is completed.

## Met Here To-Day.

A meeting of the Republican Congressional Executive Committee for the Third Congressional District, met in this city Thursday.

The meeting was called to order by Chairman C. B. Hill, who stated that the object of the meeting was to nominate a candidate for a member of the 59th Congress.

On motion, H. F. Brown was elected secretary.

On roll call all the counties were represented except Pender.

Nominations were declared in order and the name of Hon. W. S. O'B. Robinson was placed before the meeting and he was duly nominated, and on motion of Mr. Babbitt, of Pamlico, his nomination was made unanimous.

Judge Robinson accepted the nomination in his usual humorous style.

## Brought Here For Safe Keeping.

Deputy Sheriff D. F. Wooten, of Kinston, brought to this city this morning William Exum, white, and Willie Smith, colored.

Smith and Exum were both convicted at the last term of Lenoir court. Smith got ten years for larceny and was taken on to the penitentiary at Raleigh this afternoon. Exum was sentenced to be hung on the 30th of November for the murder of his step son, Guy Walston, at Lenoir Institute, about three weeks ago, and was brought here for safe keeping.

At the time of the killing Exum attempted to escape and would probably have done so, but for the fact that in his attempt to get away he stuck a nail in his foot which stopped him and he was captured. After sticking the nail in his foot he crawled about a mile.

He looks to be a man of about 28 years of age, and is fairly good looking.

## A Law Suit Over the Will of the Late Ex-Governor Brogden.

Nearly all day Wednesday was consumed in the trial of the Governor C. H. Brogden will case.

Gov. Brogden made what is known as a holograph will. The requisites of a holograph will are that the entire will must be in the hand-writing of the person making the will, and the will must be lodged in the hands of some one for safe keeping, or must be found, after the death of the maker, in some ordinarily safe place among other valuable papers of the deceased. Under the will, the children of Nathan Brogden, a brother of the Governor, got nearly all the estate, and other relatives are trying to set aside the will. The jury was out only a few minutes, and found that the will shall stand in every particular, it having been proven that the will was good in every respect.

The value of the estate is about ten thousand dollars.

## WALTER LETTER.

The Doings and Sayings of a Week In and Around Our Thriving Neighborhood.

ARGUS BUREAU  
WALTER, N. C.  
Sept. 28, 1904.

Mr Henry Vail, from over the river, was visiting at Mrs Millie Swinson's, Sunday.

Mr and Mrs Wright Lynch, of your city, visited Mr and Mrs William Smith last Sunday.

Mr and Mrs Jno R Smith were in our community last Sunday, the guests of Mr and Mrs P C Howell.

Mr Frank Yelverton was at home from Fremont last Sunday, where his numerous friends were glad to see him.

Mrs J H Caldwell left last week for Lemon Springs, on a visit to her daughter Miss Mattie, at Caldwell Institute.

The meeting at Pine Forest conducted by Rev H E Tripp, has been quite successful and resulted in several accessions to the church.

Miss Lula Vail, of Pikeville, was the guest of the Misses Swinson last Sunday, where her presence always adds pleasure to her many friends here.

Mr Miller Starling and mother, Mrs J B Starling, of the Salem section, attended church at Pine Forest, Sunday, and were the guests of Mr and Mrs R L Hooks.

Miss Mollie Vinson, of Fonvielle, has been appointed teacher at Pine Forest, and has entered upon her duties there. She is boarding at the hospitable home of Mr and Mrs D A Sasser. We gladly welcome her to our community.

We are having a phone put in our shanty, which will be quite an acquisition, and can soon give the news right off the bat. Since we found out we could use a phone, we have had the electric fever ever since, and cannot understand why everybody don't have a phone, unless it is because the good women, God bless them, have the "rep" of talking enough without a phone in the house.

The scarcity of labor in this community is getting to be a very serious question with the farmers. With cotton at ten cents, and no help to get it out of the fields, it is a pretty good test to ones religious scruples to see loafing around every country store one or two, and sometimes more, that you could not hire for love nor money. The enforcement of the Vagrant Law would help, but like many of our laws, it's a dead letter.

Miss Mary Yelverton, who has been living with her step-mother, Mrs Mary Yelverton, over the river, has come to her brother's, Mr Geo Yelverton, where she will make her home, it being necessary for them to break up housekeeping, on account of declining health, and Mrs. Yelverton's impaired eyesight, that was caused from cataract. Mrs Yelverton has gone to her brother's, Mr John Dees. They both have many friends in this community, who trust, that though the breaking up of their home was attended with sadness, it may be for their mutual benefit, lessening their cares, and increasing their pleasure, and restoring both to perfect health.

Letter to W. R. Thompson.  
Goldsboro, N. C.

Dear Sir: The FairGround buildings, Cobleskill, N. Y., were painted Devoe last year.

Two other paint agents said the job would take 150 gallons (their price was 15 cents less a gallon). Our agent said not over 125.

It took 115. We saved 'em at least \$140 on paint and labor.

The American House, Tannersville, N. Y., was painted two coats last year; not Devoe.

Mr. Charles Haner, across the street, put on one coat Devoe.

Mr. Wiltse (American House) is sorry he didn't paint Devoe. Haner's one coat was better than Wiltse's two.

Depends on the paint.

Yours truly,  
F. W. Devoe & Co.  
P. S.—Smith and Yelverton sell our paint.

Esopus, N. Y., Sept. 26.—Judge Alton B. Parker and his secretary will go to New York to-morrow, arriving there at 9:30.

## GOLDSBORO OIL MILL.

Starts up for the Season's Run Without a Hitch, After Extensive Repairs.

The extensive plant of the Southern Cotton Oil Company, located in this city, has, during its summer suspension, undergone extensive repairs, and many new machinery features have been added; also the big storage house and mill baling plant destroyed by fire last April, have been rebuilt on more commodious plans, and the baling machine has been supplanted by a bagging machine, that packs the hulls, tightly compressed, in bags that makes a much more merchantable package and results in great saving to the purchaser, as in the old bales many hulls were lost in the mere handling of the bale. A new engine, also, has been put in service for running the electric lighting outfit, and the immense boilers that furnish steam for the entire plant have been equipped with a new fuel-saving device.

And all this extensive and intricate rehabilitation has been accomplished under the personal direction of its competent young superintendent, Mr. Horace E. King, a Goldsboro boy, whose ability as a machinist and whose efficiency as a director of such a plant as that which he presides over here are second to that of no other man of his years anywhere; and this statement will go unquestioned by all who know him.

The above plant, under all its new repairs and additions started up for the season's run this week without a single hitch, and is accomplishing the most satisfactory results in all of its several departments, including its extensive cotton ginning plant, that is the most modern in use.

## Hart-McKinne.

Invitations have been received by friends in this city to the marriage of Miss Addie McKinne, of Princeton, to Mr. Edgar Lee Hart, the happy event to take place at the Methodist Episcopal church, in Princeton, N. C., on Wednesday evening, Oct. fifth, nineteen hundred and four.

The bride-elect is the beautiful and accomplished young daughter of Mr. and Mrs. D. E. McKinne, of Princeton, and the prospective groom is a popular conductor on the Atlantic Coast Line Railroad between Wilmington and Norfolk.

# A PASTOR'S WIFE CURED OF PELVIC CATARRH

She Suffered for Years and Felt Her Case Was Hopeless—Cured by Pe-ru-na.

MRS. ANNA B. FLEHARTY, recent Superintendent of the W. C. T. U. headquarters, at Galesburg, Ill., was for ten years one of the leading women there. Her husband, when living, was first President of the Nebraska Wesleyan University, at Lincoln, Neb.

In a letter written from 401 Sixty-seventh street, W., Chicago, Ill., Mrs. Fleharty says the following in regard to Peruna:

"Having lived a very active life as wife and working partner of a busy minister, my health failed me a few years ago. I lost my husband about the same time, and gradually I seemed to lose health and spirit. My daughter is a confirmed invalid, and we both felt great need of an invigorator.

"One of my neighbors advised me to try Peruna. A bottle was immediately secured and a great change took place in my daughter's as well as in my own health. Our appetites improved very greatly, the digestion seemed much helped, and restful sleep soon improved us, so that we seemed like new women.

"I would not be without Peruna for ten times its cost."—Mrs. Anna B. Fleharty.

What used to be called female diseases by the medical profession is now called pelvic catarrh. It has been found by experience that catarrhal diseases of the pelvic organs are the cause of most cases of female diseases.

Dr. Hartman was among the first of America's great physicians to make this discovery. For forty years he has been treating diseases peculiar to women, and long ago he reached the conclusion that a woman entirely free from catarrhal affection of these organs would not be subject to female disease. He therefore began using Peruna for these cases and found it so admirably adapted to their permanent cure that Peruna has now become the most famous remedy for female diseases ever known. Everywhere the women are using it and praising it. Peruna is not a palliative simply, it cures by removing the cause of female disease.

Dr. Hartman has probably cured more women of female ailments than any other living physician. He makes these

Mrs. Anna B. Fleharty.

cures simply by using and recommending Peruna.

Mrs. Esther M. Milner, DeGraff, Ohio, writes:

"I was a terrible sufferer from female weakness and had the headache continuously. I was not able to do my housework for myself and husband. I wrote you and described my condition as near as possible. You recommended Peruna. I took four bottles and was completely cured. I think Peruna a wonderful medicine."—Mrs. Esther M. Milner.

Congressman Thad. M. Mahop, of Chambersburg, Pa., writes:

"I take pleasure in commending your Peruna as a substantial tonic and a good catarrh remedy."—T. M. Mahop.

If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.
